

NORTH TEXAS SMALL BUSINESS DEVELOPMENT CENTER

Serving Small Businesses

At the Bill J. Priest Campus, we understand small businesses. Our staff will listen to you and help you put your business on the road to success.

Start a Business

Are you thinking about starting a business? Or do you want to find out what it takes to start a business? You've come to the right place! Thousands of people come to us every year for training and counseling to get started in business.

Grow Your Business

We assist prospective and current business owners in Dallas County with all aspects of business management. In addition to training, we provide free, one-on-one counseling.

Obtain Financing

Whether you need financing for start-up or expansion, our small business experts will help you explore your options.

Lease Office Space

Since 1990, small companies have been operating in our Business Incubation Center leasing office space and receiving business services for up to four years. Service include free parking garage space, a business library, conference rooms, facsimile, copiers, daily office cleaning, postage meter, 24-hour security and access to business consultants.

Get started in Government Contracting

Whether it's helping you identify new government markets or assisting you with preparing bid documents, the expert technical assistance we provide eliminates red tape and helps you overcome the challenges you face as a business owner.

Start Trading Internationally

We assist small businesses interested in importing and exporting their products and services. The low-cost training seminars and free, one-on-one counseling provide a "how to" approach to all aspects of international trade. In addition to these services, our ACT Center offers on-line Cultural Diversity and Global Business Perspectives courses designed for international business travelers, managers, directors, project managers, project team managers, and other personal conducting business with other cultures.

Get a patent, copyright or trademark

We assist clients with intellectual property strategies, including conducting database, searches or registered and pending trademarks. Our counselors will explain the application process, the protection offered, and fees involved.

Learn how to effectively manage a business risk

Keeping track of complex management issues, permits and regulations is time consuming and sometimes overwhelming. The easy-to-use materials and unbiased technical assistance help small business owners make good decisions. In addition to these services, Our ACT Center offers the Industrial Technology and safety Skills courses.

Develop effective Internet marketing strategies

We offer workshops that help small business owners learn how to market their products and services on the internet.

The Small Business Development Center programs and seminars listed in the following pages are joint efforts of the Dallas County Community College District and the U. S. Small Business Administration. They are partially funded by the North Texas SBDC under Cooperative Agreement 6-603001-Z-0048-20 by the U.S. Small Business Administration, though such funding does not constitute an expressed or implied endorsement of any of the co-sponsors' or participants' opinions, findings, conclusions, recommendation, products or services. Special arrangements for the handicapped will be made when requested in advance. Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex disability or sexual orientations.
