

Often, working in the jail setting is difficult, but it often has unexpected rewards.

February 6, 2002

Ms. Jane

Subject: Thanks / Congratulations

Dear Jane,

On behalf of my peers and I, we would like to congratulate you and the Fast Track Jail Education Program in conjunction with DCCCD. This program not only allows one to gain a certificate in PC Technician and PC User, but it has transcended and reached out with compassion, concern and dignity. My peers and I believe the courses are second only to private lessons. Even though we are in a classroom setting the teachers make sure all students are understanding the lessons as a whole or in part. And that makes it second only to private lessons. Again, we thank you with all our hearts and souls to you and the program for giving us something that no one can take away.

RESPECTFULLY, CLASS OF 2002, SPRING
