

HOW TO OBTAIN A COMPUTER INFORMATION TECHNOLOGY DEGREE PLAN

All students pursuing a Computer Information Technology (CIT) award need to make a request for a degree plan for any of the following:

Applied Associate of Sciences in:

Network Administrator and Support
Personal Computer Support
Software Programmer/Developer

Certificate in:

Networking Support	Personal Computer Specialist
Networking Associate	Personal Computer Technician
Networking Professional	Personal Computer User
Convergence Technology Intern	Help Desk/User Support Technician
Convergence Technology Technician	System i Developer
SQL Server	System i Developer Assistant
Information Security	Visual Studio Developer
Software Programmer/Developer Assistant	Solutions Developer
Programmer Level I	Applications Developer
DBA	

Skills Achievement/Marketable Skills Achievement in:

Information Technology Support Specialist I/II
Oracle Professional
Oracle Associate

While a degree plan can be obtained through a request to any counselor or advisor, it is recommended that students make their request for an CIT degree plan through

IT Advisor Linda Savage A421 214 860-2006 lsavage@dccd.edu

Students should also work closely with Ms. Savage for advisement about courses needed for completion of CIT awards.

HOW TO APPLY FOR GRADUATION

When students have completed all but the last semester of courses required in their degree plan; make an appointment with Ms. Savage to complete the **Application for Graduation**, determine if course substitutions are needed and verify which courses remain to be taken in order to complete your award.
